FULL STACK DEVELOPER | LARAVEL && React JS

A versatile Full Stack Developer with over three years of experience specializing in Laravel-based backend development. Proficient in PHP, MySQL, PostgreSQL, Laravel, server management (Apache, Nginx), and the Linux platform, with a solid foundation in frontend technologies including HTML, CSS, JavaScript, React.js, and Next.js.

STRENGTHS AND EXPERTISE

- **Full Stack Development:** Experienced in building and maintaining complete web applications, from frontend to backend, ensuring seamless user experiences.
- **Laravel & PHP:** Expertise in developing robust, scalable, and secure applications using Laravel and PHP.
- **Database Management:** Proficient in designing and managing MySQL and PostgreSQL databases, optimizing for performance and reliability.
- **Server Management:** Skilled in configuring and maintaining Apache and Nginx servers on Linux/Unix platforms.
- **Frontend Technologies:** Strong knowledge of HTML, CSS, JavaScript, TypeScript, React.js, and Next.js, with a focus on responsive and user-friendly design.
- **API Development:** Extensive experience in creating and integrating RESTful APIs to support dynamic web applications.
- **Team Collaboration:** Effective at working independently and within teams, consistently meeting project deadlines and contributing to team success.

PROFESSIONAL EXPERIENCE

Focal X Agency   **February 2024 – Present**

Full Stack Developer

- Spearheaded the development of full-stack solutions for various projects, leveraging PHP, MySQL, Laravel, React.js, Next.js, and TypeScript to deliver high-quality, feature-rich applications.

- Implemented server-side rendered applications with Next.js, enhancing performance and scalability.

- Contributed to the Fullstack TypeScript Next.js Boilerplate, showcasing my ability to create modular, customizable, and highly performant web applications.

Syrian National Academy   **October 2023 – present**

Web Development Coach

- Coached students in full-stack development, covering frontend (HTML, CSS, JavaScript) and backend (PHP, Laravel, MySQL) technologies.

- Provided in-depth training on best practices for Laravel development, server management, and database design, ensuring students are industry-ready.

EDUCATION

Bachelor's degree in Information Technology Engineering, majoring in Software Engineering and Information Systems| Al-Baath University, Syria | 2017-2022 .

I am currently enrolled in a Master's program in Web Sciences | Syrian Virtual University (SVU), Syria | 2023-2024

Languages

- **Arabic**: Native
- **English**: Fluent
